

NON-PROFIT. EDUCATIONAL

Fellow Americans,

We are sorry to remind you that even if "National Communism" would exist - which is not true - it is morally wrong and undignified to patronize

Any merchandise made or produced in Communist Yugoslavia,
Any performance offered by Communist Yugoslavia,

because Communist Yugoslavia - like Soviet Russia, Red China and Cuba - is a CAPITALIST MONOPOLY BASED ON ENSLAVED LABOR, whereas Tito - one of the 20th Century Pharaohs - is the sole owner of life and property, the Communist goons are his unorganized executive and the balance of the population just slaves, toiling for their boss.

Goods produced by enslaved labor are prohibited by our laws to enter into this country (Sec.307, Tariff Act of 1930). Yet, only in 1959 Tito dumped here such goods for \$476 million for our hard cash.

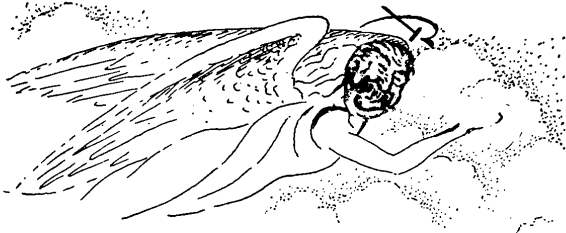

Moreover, our Governments granted to Tito until now over \$3 Billion of our sweat and blood, whereas Tito's goons are right now in Washington looking for another \$340 million of our gold, at a time when we are begging Germans to relieve us from our gold troubles. Where is the common sense? Must we swallow hook, line and sinker Lenin's plan for our surrender by crippling us financially?

Write to your Congressman right now. Will you?
